NEARLY A FAMINE

Experienced by Water Consumers Sat-

urday—The Break Repaired.

Wheeling experienced a scarcity of

water nearly approaching a famine, be-

ginning Saturday afternoon at 3 o'clock

and extending to yesterday morning at

2 o'clock, when the break in the main

supply pipe to the reservoir, about a

mile above the city, was repaired, and

during the period the water was shut off

considerable inconvenience was suffered

in all parts of the city.

The break was a serious one, and from

the time it occurred until it was re-

paired, Superintendent C. M. Oliver and

a force of fifty men worked like beavers.

Five feet was blown out of one section

of the pipe, and the tearing out of sev-

eral sections was necessary to repair the

break. After the break occurred the

water board ordered all elevators op-

erated by water power to stop, and soda

fountains, bath houses and all large

consumers of water had a difficult time

Saturday night. It was fortunate that

no fire occurred or the fire department

would have been seriously handicapped.

The blessing of water was never better

illustrated, than when it was shut off

Saturday evening.

LABOR MAGNATES.

Meeting of the Ohio Valley Trades
and Labor Assembly.

ORGANIZING OF CITY EMPLOYES

DISCUSSED BY THE ASSEMBLY
BUT NO ACTION WAS TAKEN.
THE LABOR DAY GENERAL COM-
MITTEE HELD A SESSION AND
FORWARDED ARRANGEMENTS
FOR THE CELEBRATION.
THERE WILL BE NO PARADE
THIS YEAR—A HALF HOLIDAY
PROCLAMATION WANTED.

A regular meeting of the Ohio Valley
Trades and Labor Assembly was held
yesterday afternoon. In the absence of
President Riley, the chair was occupied
by Delegate Ned Sims, of the Typo-
graphical Union. There was a small at-
tendance.

The Labor Day committee made re-
ports showing progress in the arrange-
ments.

The finance committee reported for
the second quarter of 1898, showing bal-
ance on hand April 1, \$419.02; receipts
for the quarter, \$110.50; expenses for the
quarter, \$207.61; balance June 30, \$321.91,
not including two outstanding items,
making the total balance, \$418.33.

The trustees reported unions that do
not now occupy the hall declined to pay
back rent, claiming the trustees were
not so authorized. The assembly form-
ally authorized the trustees to collect.
President Riley presented a resolution
directed to the Cleveland Central Labor
Union, recommending that Forest City
local union of the National Store
Makers' League be admitted to the
Cleveland central union. The resolution
was passed unanimously.

Delegate Stein wanted the employees of
the city electric light works, board of
public works men, clerical employees and
others organized. There was a lengthy
discussion on the subject. Mr. Gillies
feared there was a political scheme hid-
den somewhere in the proposition, and,
naming a well known local political
leader, said he didn't want the job of in-
ducing him to join a labor union.

Delegate Jackson, of the hod carriers'
union, made a "boom" speech for the
union's annual outing next Saturday.
Prosperity, he said, had been cut down
in its onward march by the war.
Each local union was asked to buy
Labor Day picnic tickets for its mem-
bers.

LABOR DAY COMMITTEE

Meeting Followed the Assembly Gather-
ing—Business Transacted.

The general Labor Day committee met
after the session of the assembly. The
several unions reported pro or con on
the proposition to dispense with the
usual Labor Day parade. The majority
were in favor of discontinuing the pa-
rade. A motion to this effect was passed
by a large majority.

A committee was selected to see man-
ufacturers and have their plants shut
down on Labor Day; also to have the
mayor declare a half holiday. The com-
mittee is made up of Delegates Sallibury,
Williams and Donley.

The music committee reported having
engaged Bachman's and Falloure's or-
chestras for dancing music.

It was decided to receive bids for the
Labor Day programme privileges at the
committee's next meeting.

There was a discussion regarding
gambling at the outing. Delegate Don-
ley moved that no gambling be allowed.
Another delegate said he knew of church
picnics in this community where
"wheels" and other gambling devices
were a feature. Other delegates were
in favor of chance devices at the picnic
when properly conducted. The Donley
motion excluding gambling devices was
defeated. There was a motion to re-
ceive bids for running two wheels. The
motion prevailed.

The amusement committee has not
yet decided on all the features of the
Labor Day programme. It is certain,
however, that there will be a band con-
test, and the committee has the assur-
ance that three Wheeling bands, Meis-
ter's, of Bridgeport; Bauer's, of Zanes-
ville, and possibly others will enter. The
committee is desirous of substituting
something for the parade as an attrac-
tion off the grounds before the picnic,
and it is probable that a road race for
wheelmen will fill the gap. It has been
proposed to start the race at the corner
of Tenth and Main streets, and the
route to be across the suspension bridge,
over Zane street, across the Bridgeport
bridge, out the National pike to the foot
of St. Clairsville hill, and return to the
Island, and down Penn street into the
fair grounds and on around the track.
The race, it is believed, will attract a
large crowd at the start, most of whom
will go over to the grounds to witness
the finish. The amusement committee
will decide upon this proposed feature at
its next meeting.

The Sure Lo Grippe Cure.

There is no use suffering from this
dreadful malady, if you will only get
the right remedy. You are having pain
all through your body, your liver is out
of order, have no appetite, no life or
ambition, have a bad cold, in fact are
completely used up. Electric Bitters is
the only remedy that will give you
prompt and sure relief. They act di-
rectly on your Liver, Stomach and
Kidneys, tone up the whole system and
make you feel like a new being. They
are guaranteed to cure or price refund-
ed. For sale at Logan Drug Co.'s Drug
Store, only 50 cents per bottle.

WITHIN the past month the first
iron bridge erected in the state of Ohio
has been removed. This bridge was
over Salt creek on the Central Ohio divi-
sion of the Baltimore & Ohio railroad, in
Mackinac county, and was built in
1851. It was a single span, seventy-one
feet in length and was known as a "Boll-
man deck truss bridge with plate gir-
ders." Bollman was at that time chief
engineer of construction of the Balti-
more & Ohio railroad.

Not with a vivid imagination. "You've got some-
thing to sell" was the significant remark of a patron
of our great suit sale last week. He'd been the
rounds—seen the straggling lots—the offish pat-
terns—the indifferent values elsewhere—came
to the same conclusion everybody does—THAT
THE REAL BARGAINS ARE HERE. It's
one thing to advertise and another thing to live up
to it. It's not in the promise you reach your ad-
vantage, but in the performance.
